## Citizens Capture Burglar

On Saturday, January 16<sup>th</sup>, at 8 PM, a resident returned home, and as they were about to open the front door of their house it swung open. Inside was an unknown intruder. The resident ran to a neighbor's home, as the intruder fled on foot.

Police were called and arrived in just one minute, after receiving the call. There was no need to hunt for the suspect; however, as the neighbors chased down, captured and held him for our responding officers.

A 23 year-old male was taken into custody. It is not believed that the burglarized home was chosen at random. Our investigation remains open and continues.

We are very appreciative of citizens who come to the aid of crime victims. At the same time, we urge all to exercise great caution and carefully weigh all options before deciding to physically engage a crime suspect.

## H1N1

While reported cases of H1N1 have slowed dramatically, health officials have voiced concern over the potential of a "third wave" that may yet arrive. The H1N1 vaccine is now in abundant supply, and available at clinics, "walk-in" clinics, and some pharmacies. Health professionals continue to urge all to be vaccinated.
